

**14th AFIDOC MEETING
FRANCO-ISRAELI OTOLARYNGOLOGY
HEAD & NECK SURGERY MEETING**

**THE INBAL HOTEL
JERUSALEM**

SUNDAY, 14 May 2023 | 15:00 - 19:00

REGISTRATION

**20
23**

08:30

Opening Words: Prof. D. Brasnu & Prof. JY. Sichel

08:40-10:00: PEDIATRIC OTOLARYNGOLOGY

CHAIRPERSON: N. Teissier & E. Raveh

Keynote Lectures

Congenital cytomegalovirus infection: What does the otolaryngologist needs to know? **N. Teissier**

Cochlear implantation in children with single side deafness. **D Ulanovski**

Round Table: Tonsils surgical procedures in children

Moderator: A. DeRowe

Panelists: G. Fishman, M. Gross, J. Majer, E. Raveh, N. Teissier, D. Ulanovski

10:00-10:20

REFRESHMENT BREAK

10:20-11:50: RHINOLOGY

Chairpersons: A. Abergel & J. Michel

Keynote Lectures

Office-based rhinology: technical considerations, indications & limits. **J. Michel**

Precision medicine in patients with chronic sinusitis. Are we there?

A. Abergel

Round Table: New therapies in nasal polyposis: a shift in management?

Moderator : JB Lecanu

Panelists: R. Eliashar, A. Lazutkin, J. Michel, E. Soudry

11:50-12:10

REFRESHMENT BREAK

12:10-13:40: SKULL BASE

Chairpersons: D. Ayache & R. Eliashar

Vestibular schwannoma imaging. **G. Poillon**

Vestibular schwannoma management algorithm. **C. Vincent**

Transnasal repair of cerebrospinal rhinorrhea: pearls and perils. **R. Eliashar**

Transnasal endoscopic approach of the anterior skull base: A teamwork. **S. Moscovici**

13:40 - 14:30 LUNCH & VISIT TO EXHIBITION

20
23

08:30-10:00: HEAD & NECK AND THYROID

Chairpersons: F. Chabolle & JY Sichel

Keynote lectures

Swallowing disorders in oculopharyngeal dystrophia: surgical therapy and new therapeutic perspectives. **J. Lacau St Guily**

Elucidating the cause for gender difference in thyroid malignancy: **J. Benzion**

Near infrared autofluorescence identification of parathyroid glands during thyroidectomy and parathyroidectomy: **O. Dimitstein, A. Efetz**

Round Table: Thyroid Cancer

Moderator : JY Sichel

Panelists: A. Bahat-Dinur, G. Bashar, D. Brasnu, J. Benzion, F. Chabolle

10:00-10:20 REFRESHMENT BREAK

10:20-11:50: VOICE AND LARYNGOLOGY

Chairpersons: D. Brasnu & Adi Primov-Fever

Keynote lectures

Laryngeal dystonia: epidemiologic & demographic considerations. **D. Brasnu**

The role of the laryngologist in M to F affirmation. **A. Primov-Fever**

Voice quality outcome after transoral CO2 laser cordectomy. **L. Crevier**

Round Table: Office-based laryngeal surgery & mini-invasive laryngeal surgery

Moderator: Y. Lahav

Panelists: D. Brasnu, J. Cohen, S. Hans, J. Lacau St Guily, Y. Hamzani, T. Landau Zemer, A. Primov

11:50-12:10 REFRESHMENT BREAK

12:10-13:40: HEAD & NECK, MISCELLANEOUS

Chairpersons: O. Choussy & N. Hirshoren

Keynote lectures

Free flaps in Head & Neck oncology: unavoidable or selected indications. **S. Albert**

Surgical innovation in Head & Neck cancer management: **N. Muhanna**

DNA methylation of tongue cancer – Innovative diagnostic tool: **N. Hirshoren**

Drooling and Botulinum Toxin. **J. Majer**

State of the art 3D planning in mandibular reconstruction. **E. Alon**

13:40 - 14:30 LUNCH & VISIT TO EXHIBITION

08:30-10:00: OTOTOLOGY

Chairpersons: D. Ayache & R. Perez

Keynote lectures

Advances in cholesteatoma surgery. **S. Schmerber**
Necrotizing otitis externa. **S. Stern-Shavit**

Round table: Otosclerosis and stapes surgery

Moderator: D. Ayache

Panelists: M. Kaufmann, R. Perez, S. Schmerber, C. Vincent

10:00-10:20 REFRESHMENT BREAK

10:20-11:50: COCHLEAR IMPLANTS

Chairpersons : D. Kaplan & C. Vincent

Keynote lectures

Cochlear implantation in nomadic population. **D. Kaplan**
Drug-eluting cochlear implant: perspectives. **C. Vincent**
Cochlear implantation and management in children with post
meningitis deafness. **R. Perez**

Round Table: Difficult cases in cochlear implantation

Moderator: M. Kaufmann

Panelists: D. Kaplan, S. Schmerber, C. Shaul, S. Stern-Shavit, C.
Vincent

11:50-12:10 REFRESHMENT BREAK

12:10-13:40: VERTIGO & SENSORINEURAL HEARING LOSS

Chairpersons: A. Shupak & S. Schmerber

Keynote lectures

Corticosteroid for treatment of Sudden Sensorineural Hearing loss, does
it really help? **C. Shaul**
Skull vibration induced nystagmus: a new asset for vestibular
evaluation. **S. Schmerber**
Towards personalized vestibular treatment: the model of motion
sickness. **A. Shupak**
Inner ear MRI: a step forward in labyrinthine disorders understanding.
G. Poillon
Superior semicircular canal dehiscence: plugging, resurfacing or
follow-up? **C. Vincent**

13:40 - 14:30 LUNCH & VISIT TO EXHIBITION
